

bitte **ADVANCED** **3**™
POWERFUL LIZARD REPELLENT SPRAY

**DON'T LIVE
WITH LIZARDS**

UNINVITED GUESTS

- Common house lizards (**Hemidactylus frenatus**) are called **Geckos**.
- There are non-venomous & harmless to humans. BUT THEY ARE ONE THE MOST COMMON HOUSE PESTS, who are very irritating.
- If you are afraid of lizards, the presence of one in your living room might be, creepy.
- Thankfully, we have an easy and effective solution to keep lizards away from home with ADVANCED bitterR spray.

HOUSE LIZARDS ARE HARMLESS, BUT...

- Creepy & Annoying
- Unpleasant
- Creates infection
- Causes strong reactions
- Difficult to get rid of

HOW DOES ADVANCED bitter WORK?

- ❑ Spray ADVANCED bitter® on lizard **ENTRY POINTS**.
- ❑ The ADVANCED bitter® coat delivers a powerful bitter shock to the lizard tongue and prevents it from coming back for up to next 15 days.
- ❑ A double coat will ensure better results.
